CONGRATULATIONS ON ADDING TO YOUR INVESTMENT PORTFOLIO! I'M HONORED TO HELP MANAGE YOUR PROPERTY HERE.

Aloha!

Congratulations on taking the next step in turning your Hawaii home into a successful investment. Whether this is your first rental or one of many, owning property in Hawaii can be incredibly rewarding—but it also comes with its own unique set of challenges.

I'm Alfonso Martinez, a full-time property manager based here on Oahu. I'm a Veteran and have proudly called this island home for the past 8 years. My focus is 100% on property management—not sales—so my time and attention are dedicated entirely to supporting property owners and their investments. Backed by a brokerage that manages over 200 rental properties, I bring both local insight and a strong administrative background to the table. With proven systems in place, I'm able to streamline communication, handle issues efficiently, and deliver the kind of reliable, high-touch service that keeps both owners and tenants happy. Whether you're preparing to rent out your home soon or simply exploring your options, I'm here to guide you every step of the way. From tenant screening and lease management to maintenance coordination, compliance, and long-term planning, my goal is to protect your asset, maximize your rental income, and provide peace of mind.

Let's turn your home into a stress-free investment.

I'd love the opportunity to earn your trust and be a resource you can count on—for years to come.

THINGS TO CONSIDER IN HAWAII

You may be familiar with the ins and outs of having an investment property and what that means for your taxes:

01

HARPTA

The withholding rate typically stands at 5% of the property's sale price, but it can vary depending on the specific circumstances and the amount of the seller's gain. Sellers can later file a tax return to reconcile the withholding amount with their actual tax liability.

02

GE TAX

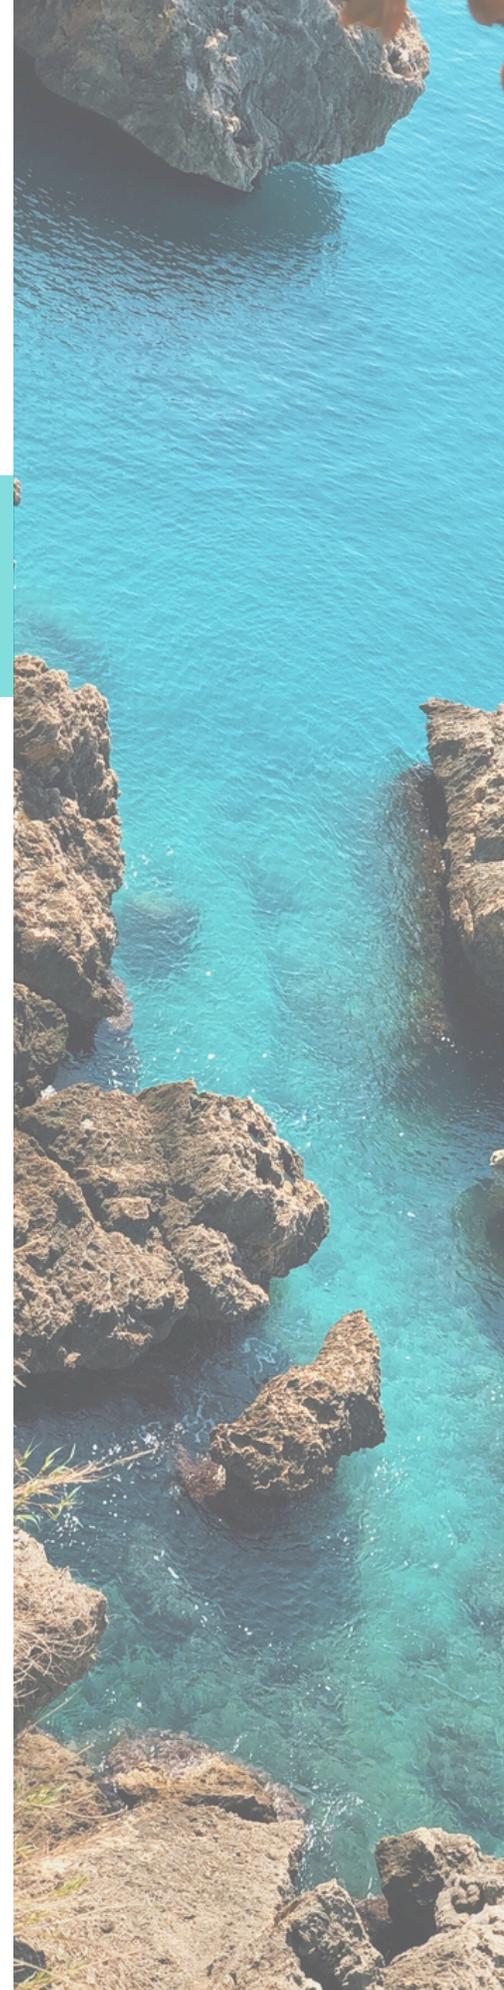

The state-level General Excise Tax is typically 4.5% of the monthly rent amount, paid quarterly to the state.

03

VA ENTITLEMENT

What are your plans for your housing at your next location? Did you utilize a VA loan here, and do you know what entitlement you have left? Let me help you do the analysis!

MAINTENANCE AND REPAIR MANAGEMENT

HOW WE HANDLE MAINTENANCE

Proactive, Professional, Peace of Mind.

At HawaiiPacific RealtyGroup, we believe maintenance shouldn't be reactive—it should be strategic. Our streamlined system is designed to minimize tenant disruption, protect your investment, and maintain long-term value for your property.

1) EASY, TRANSPARENT COMMUNICATION

- Tenants submit maintenance requests through our online portal.
- Our team acknowledges requests within 24 business hours.
- Owners are notified right away if the issue exceeds a certain threshold (usually \$500 or as set in your contract).

2) THOROUGH ISSUE ASSESSMENT

- Every request is reviewed to avoid unnecessary or repeat service calls.
- We may troubleshoot with the tenant first when appropriate (e.g., checking breaker switches or filter replacements).
- Our property manager or assistant may schedule an on-site check if the issue seems unclear.

3) RELIABLE VENDOR NETWORK

- We partner with licensed and insured vendors who know the properties and respect tenant time.
- Vendors are selected for responsiveness, fair pricing, and quality workmanship.
- Emergency vendors are on-call for after-hours needs, so your tenants always feel supported.

4) COST-CONSCIOUS APPROACH

- We always aim to protect your bottom line.
- For non-urgent repairs over your approval limit, we get quotes before proceeding.
- We balance speed and value, taking the extra time to find the right fix—not just the fastest.

TENANT SELECTION:

our screening process

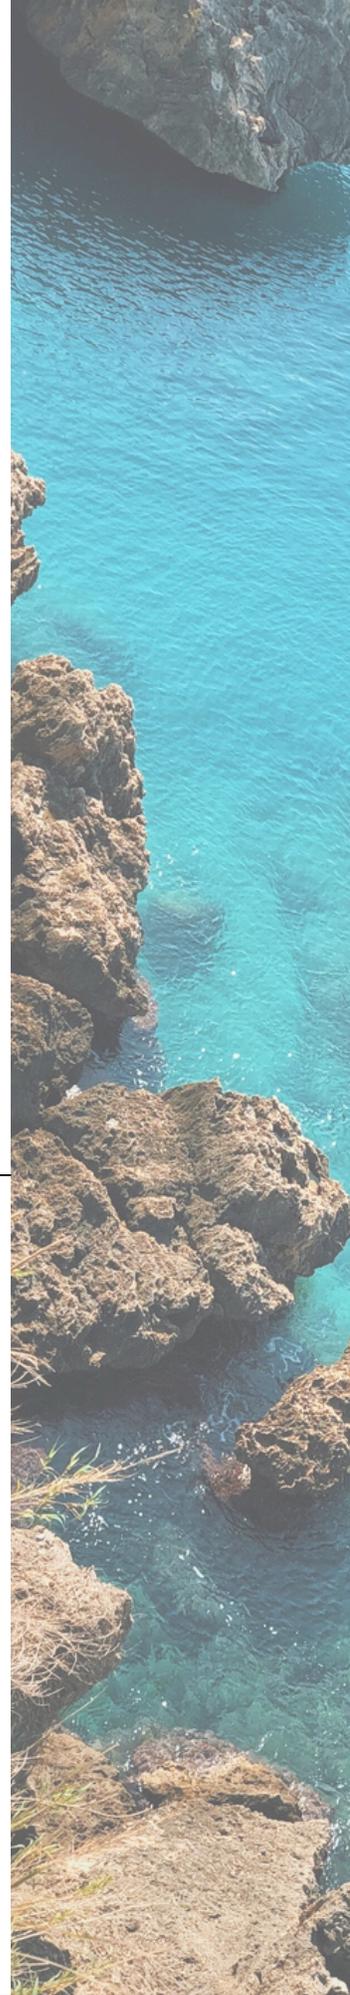

GOOD TENANTS ARE THE
MOST VALUABLE ASSET! LOOK FOR:

- ✓ Stable income
- ✓ Good credit history

POTENTIAL PROBLEMS

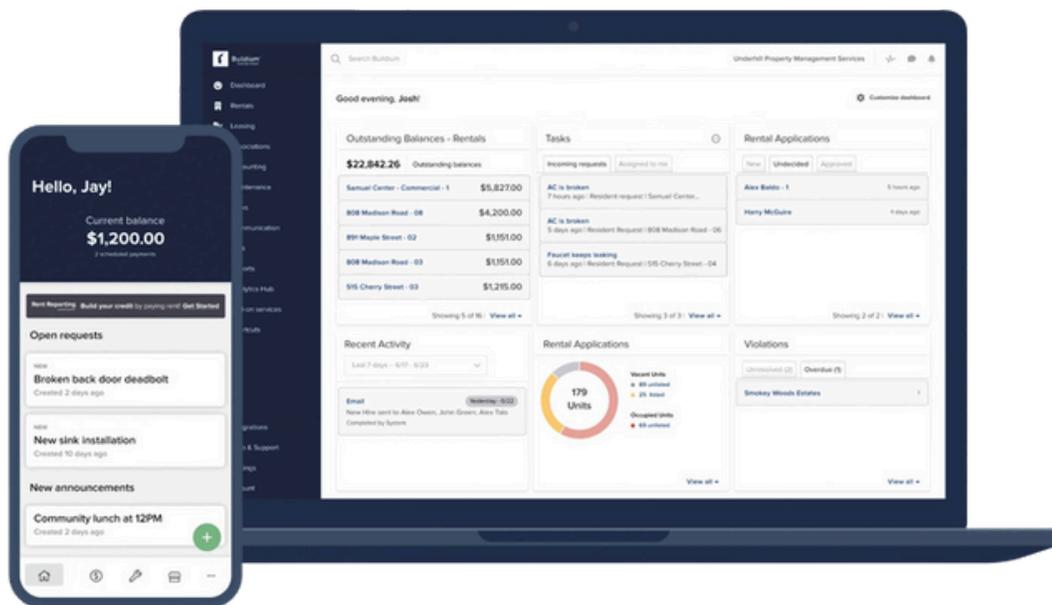

Red Flags In Tenant Applications:
